

Effectively Managing Childhood Asthma

Bello Alito (Beautiful Breath) – Effectively Managing Medical Needs for Childhood Asthma

Bello Alito is a patented product and system designed to help parents and carers of children, to proactively manage asthma. The Bello Alito asthma management system supplements a child's asthma medication with a set of records and communications tools. This enables effective communication and coordination in the management of a child's asthma among parents, carers and doctors.

BREATHE medical bag to be organised and ready

- Medical bag has asthma medication, asthma spacer and asthma plan all in one place.
- A large window for all medical instructions for quick reference by carers.
- A central place for all asthma communication tools and aids.

NOTIFY cards to alert parents and carers

- Know what's happening with your child's asthma management when you are not there.
- Cards to prompt parents and carers to replenish asthma medication, and to alert when medication has been given.

MANAGE share information among parents & carers

- A log book to record when medications have been administered, in what doses, at what times and by whom.
- Note when asthma medication is needed, until a clear pattern is found.
- Determine if a child's asthma plan is being followed.
- Work with the doctor, have the history and questions ready.

A child with well managed asthma can live a fuller more active life. By supporting the use of a written asthma plan, Bello Alito provides:

- Families more control over the management of their child's asthma.
- Carers a central place for all the equipment and instructions they need to effectively manage a child's asthma.
- A reduced likelihood of emergency department visits, hospitalisation of children, and an increase in school attendance for the child.
- Better feedback for doctors when designing a child's asthma management plan.

Whether you are a parent or a carer of a child with asthma, to find out more how Bello Alito can help you, please email info@belloalito.com.au or visit www.belloalito.com.au.
